### **Bridport Senior's Bench**

Increased seat height bench helps to accommodate elderly users

5ft £550

## Base

It cost £370 for the concrete base for the defibrillator in Dalesford Road so we could be looking at 4 times that to get concrete bases for two benches i.e. £1500 although we should get a discount for doing them all at the same time.

Total cost for benches, base and fixings is approximately £2700
